

Analytic Vision Awarded Exclusive Seat at Oracle BI Applications Leadership Board Event

Charlotte, NC. Nov. 22, 2011 – Analytic Vision, Inc. is proud to announce being invited to attend Oracle's exclusive BI Applications Leadership Board Event in Las Vegas Nevada December 5th thru 7th. Participation and attendance to the event are offered to select qualifying Oracle Specialized partners only, and features collaborative partner advisory sessions and various networking opportunities within Oracle and the Oracle sales teams.

Analytic Vision leads the consulting field in the areas of Oracle Business Intelligence, Oracle Business Intelligence Applications, and Oracle Hyperion Performance Management services. A continually recognized and awarded Specialized Oracle Platinum partner, our success in the advisory and implementation management services come from our dedication to clients' project success by keeping up to date and trained on the latest advancements in Oracle BI and EPM technology.

Accessing information in real-time, a lack of visibility into business critical information, and inconsistencies in reports sourced from the same data continue to be a leading cause for poor business performance and costly decision making among organizations

Through Analytic Vision's proven methodologies and best practices approach, we enable organizations to link strategy to their financial plans and to provide the organization with quick access to accurate information. Improved insight to performance enables superior execution of financial plans. By delivering critical information to our clients when and where they need it for faster, more efficient business decision processes, our clients are positioned to become more profitable and agile in today's competitive environment.

About Analytic Vision, Inc.

Analytic Vision, headquartered in Charlotte, NC is an Oracle Platinum Partner providing advisory and implementation services in the areas of Enterprise Performance Management, Business Intelligence, and Data Warehousing. Established in 2000, Analytic Vision provides advisory services in the areas of reporting, analysis, modeling, and planning. Providing best in class design and performance tuning of the Oracle|Hyperion Performance Management and Business Intelligence platforms drives maximum return on investment for our clients.
